CONSENT & AUTHORIZATION ORDER - ORANGE CATEGORY

Order No.78 /TSPCB/RO-RCP/SDP/Industries/2023

Date:23.03.2024

(Consent Order for Existing/New or altered discharge of sewage and/or trade effluents/outlet under Section 25/26 of the Water (Prevention & Control of Pollution) Act, 1974 and amendments thereof and Operation of the plant under section 21 of Air (Prevention & Control of Pollution) Act, 1981 and amendments thereof.

CONSENT is hereby granted under section 25/26 of the Water (Prevention & Control of Pollution) Act, 1974 and under section 21 of Air (Prevention & Control of Pollution) Act 1981 and amendments and orders made thereunder to

M/s. Amber Enterprises,
Sy. No. 84/A1/3/2/2, 84/A1/2/2, 84/A2/1/A/2/2/2,
Chandapur Village, Wargal Mandal,
Siddipet District

(Hereinafter referred to as 'the Applicant') authorizing to operate the industrial plant, to discharge the effluents from the outlets and the quantity of Emissions per hour from the chimneys as detailed below.

i) Outlets for discharge of effluents:-

Outlet No.	Outlet Description	Max Daily Discharge	Point of Disposal
1.	Domestic	0.4 KLD	Septic tank followed by soak pit

ii) Emissions from chimneys:-

Chimney No.	Description of Chimney
1.	--

iii) Hazardous Waste Authorization (Form-II) [See Rule 6(2)]:

1. Number of Authorization and date of issue – TSPCB / RO / RCP / SDP / 78 / HWM/2024 **Date: 23.03.2024.**

2. The Occupier of, **M/s Amber Enterprises** is hereby granted an authorization to operate a facility for generation, collection, reception, storage, transport, reuse, recycling, recovery, pre processing, co-processing, utilization, treatment and

disposal of Hazardous Waste namely.

S.No.	Description of the solid Waste	Quantity	Category as per the HWM Rules	Point of Disposal
1.	Waste / Used Oil	850 L/Month	5.1 of Schedule – I	Shall be sent to authorized waste oil recyclers / reproprocessors / GEPIL / TSDF
2.	Coolant Oil	1000 L/Month	5.1 of Schedule – I	
3.	Hydraulic oil	900 Ltrs/Month	5.1 of Schedule – I	
4.	Oily Waste (Cleaning Cloths, PPEs, Etc)	500 Kg/Month	5.2 of Schedule – I	TSDF/ GEPIL
5.	Brake Liners, Clutch plates, Gaskets etc	1 MT/Month	15.1 & 15.2 of Schedule – I	TSDF/GEPIL / Recyclers
6.	Scrap Thinner	100 Ltrs/Month	--	TSDF/GEPIL / Recyclers
7.	Empty Containers (Barrels/ Jerry Cans/Carboys / tins)	100 MT/Month	33.1 of Schedule – I	After Complete Detoxification, shall be sent to authorized dealers
8.	Cables, wires, fuse boxes	500 MT/Month	--	TSDF / GEPIL/ Recyclers
9.	Used Lead Acid Batteries	750 MT/Month	17 of Schedule – IV	Authorised Recyclers / Reprocessors
10.	Components of waste Electrical & electronic parts – ewaste	3000 MT/Month	--	Authorised E-Waste Recyclers
11.	Plastic Waste	50 TPM	--	Authorised Plastic Waste Recyclers
12.	Rubber Waste	10 TPM	--	Reprocessors
13.	Asbestos waste	As generated	--	TSDF

This consent is valid for manufacture of the following product along with quantities only.

S. No.	Product & By product	Quantity (TPM)
1.	Steel	2500
2	Aluminum	500
3	Copper	100
4	Cast Iron	500
5	Glass	5
6	Rubber	10
7	Plastic	50
8	Engine Parts	5
9	Leather	1
10	Wood	0.5

This order is subject to the provisions of 'the Acts' and 'the Rules' and orders made there under and further subject to the terms and conditions incorporated in the schedule A, B enclosed to this order.

This combined order of Consent & Hazardous Waste Authorization shall be valid for a period ending with the **28th day February, 2034**.

Encl: Schedules A, B & C.

ENVIRONMENTAL ENGINEER

To,
M/s. Amber Enterprises,
Sy. No. 84/A1/3/2/2, 84/A1/2/2, 84/A2/1/A/2/2/2,
Chandapur Village, Wargal Mandal,
Siddipet District.

SCHEDULE – A

1. The industry shall obtain prior permission of the Board in case of any change in the raw material used, processes employed, quantity of trade effluents & quantity of emissions etc.
2. The applicant shall, not later than 30 days from the date of issue of this consent order, certify in writing to the Board that the applicant has installed or provided for an alternative electric power source sufficient to operate all facilities installed by the applicant, to comply with the terms and conditions of this consent. In absence of alternative electric power source sufficient to operate all facilities installed by the applicant, to comply with the terms and conditions of this consent, production shall be stopped.
3. All the relevant rules & regulations notified under Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981 and Environment (Protection) Act, 1986 shall be followed.
4. The applicant shall furnish to the visiting officer and / or the Board any information regarding the construction, installation or operation of the effluent treatment system/ air pollution control equipment and such other particulars as may be pertinent for preventing and controlling pollution.
5. The person authorized shall not rent, lend, sell, and transfer their industrial premises without obtaining prior permission of State Pollution Control Board.
6. The applicant shall exhibit the Consent order of the Board in the factory premises at a prominent place for the information of the inspecting officers of the different departments.
7. Concealing the factual data or submission of false information / fabricated data and failure to comply with any of the conditions mentioned in this order may result in withdrawal of this order and attract action under the provisions of relevant pollution control Acts.
8. Notwithstanding anything contained in this conditional letter or consent, the Board hereby reserves to it the right and powers under Section 27(2) of the Water (Prevention & Control of Pollution) Act, 1974 and its amendments thereof and under Section 21 of the Air (Prevention & Control of Pollution) Act, 1981 and its amendments thereof to review any and/or all the conditions imposed herein above and to make such variations as deemed fit for the purpose of the Acts by the Board.

SCHEDULE - B

1. The industry shall pay the consent fees annually from the financial year 2028-29 till the validity period of the Consent Order.
2. The payment of annual Consent fee for every financial year (i.e. April to March) within the stipulated time period, i.e. 1st quarter of every financial year (April to June) is mandatory for the industry. Failing which, the validity of this Consent Order automatically stands cancelled and operation of the industry without valid Consent attracts penal action under the provisions of Water Act, Air Act.
3. The industry shall take steps to reduce water consumption to the extent possible and consumption shall NOT exceed the quantities mentioned below

S.No.	Purpose	Quantity (KLD)
1.	Domestic	0.5 KLD

4. The industry shall not manufacture new products / excess capacity beyond the permitted capacity mentioned in this order without obtaining CFE /CFO of the Board.
5. Industry shall provide closed shed with impervious platform and spillage / leakage collection pit for storage of hazardous waste.
6. The industry shall comply with the provisions laid under Plastic Waste / E-waste / Batteries / Hazardous Waste Management Rules.
7. Industry shall not carry out any recycling of hazardous waste, E-waste, plastic waste, without prior approval of the Board. These waste shall be properly collected, stored and shall be disposed to the authorized recyclers.
8. Industry shall not carry out any heating (thermal) / chemical leaching processes.
9. All refrigerants containing ODS recovered from ELVs should be disposed off in accordance with Ozone Depleting Substances (Regulation and Control) Rules, 2000 and amendments thereof.
10. Industry shall ensure that the vehicles have been declared as ELV (alongwith destruction certificate) and the registration of the vehicle has been cancelled as per Section 55 of the Motor Vehicle Rules, 1989.
11. Adequate handling equipment shall be provided for ELV scrapping process steps.
12. The collection/dismantling/de-polluting/shredding facility shall take all the steps to contain contaminants / hazardous substances.
13. Adequate storage facilities shall be provided for dismantled spare parts, including impermeable storage for oil contaminated spare parts.
14. Appropriate containers shall be provided for storage of batteries, filters and PCB / PCT-containing condensers;
15. The process area shall be concreted to avoid any ground water pollution due to spillages / leakages of hazardous materials.
16. The industry shall take all necessary precautions to control the fugitive emissions.
17. The industry shall not cause any air pollution / dust nuisance in the

surrounding area. The industry shall provide suitable Air pollution control measures to control the fugitive emissions.

18.The industry shall develop green belt all along the boundary of the unit and in the vacant places in the factory premises with tall growing trees with wide leaf area.

19.The industry shall not manufacture any extra products or extra capacities without obtaining CFE/CFO of the Board.

20.The industry shall not take up trial production without obtaining Consent for Operation of the Board.

21.The industry shall maintain good housekeeping in the factory premises.

22.Rain Water Harvesting (RWH) structure (s) shall be established on the plant site so that the ground water is recharged by the storm water.

23.Industry shall follow the Guidelines for Environmentally Sound Facilities for Handling, Processing and Recycling of End-of- Life Vehicles (ELV) issued by CPCB.

24.Industry shall comply with the following Minimum Technical Requirements For Collection And Dismantling Centre as per the Guidelines for Environmentally Sound Facilities for Handling, Processing and Recycling of End-of- Life Vehicles (ELV) issued by CPCB:

A.1 Sites for storage (including temporary storage) of End-of-Life Vehicles prior to their dismantling

The Collection and Dismantling Centers shall have:

A.1.1 impermeable surfaces like concrete flooring, etc for appropriate areas (including areas where vehicles are stored prior to de-pollution as necessary) with the provision of spillage collection facilities, decanters and cleanser-degreasers.

A.2 Sites for dismantling

The Collection and Dismantling centers shall have:

A.2.1 impermeable surfaces like concrete, etc for appropriate areas with the provision of spillage collection facilities, decanters and cleanser-degreasers,

A.2.2 appropriate storage for dismantled spare parts, including impermeable storage for oil-contaminated spare parts,

A.2.3 appropriate containers for storage of batteries (with electrolyte neutralization on site or elsewhere), and filters/ PCB/PCT-containing condensers (if applicable),

A.2.4 appropriate storage tanks for the segregated storage of End-of-Life Vehicle fluids: fuel, motor oil, gearbox oil, transmission oil, hydraulic oil, cooling liquids, antifreeze, brake fluids, air-conditioning system fluids and any other fluid contained in the End-of-Life Vehicle,

A.2.5 appropriate storage for used tyres, including the prevention of fire hazards and excessive stockpiling.

A.3 Dismantling operations for de-pollution of End-of-Life Vehicles:

The Collection and Dismantling centers shall possess the equipments and facilities required for:

A.3.1 removal of batteries,

A.3.2 removal of liquefied gas tanks,

A.3.3 neutralization of potential explosive components, (e.g. air bags),

A.3.4 removal and separate collection and storage of fuel, motor oil, transmission oil, gearbox oil, hydraulic oil, cooling liquids, antifreeze, brake fluids, air-conditioning system fluids and any other fluid contained in the end-of-life vehicle, unless they are necessary for the re-use of the parts concerned,

A.3.5 removal, as far as feasible, of all components identified as containing heavy metals.

A.4 Dismantling operations in order to promote recycling:

The Collection and Dismantling Centers shall possess the equipments and facilities required for:

A.4.1 removal of catalysts, to facilitate further extraction of noble metals by recyclers.

A.4.2 removal of metal components containing copper, aluminum and magnesium in such a way that they can be effectively recycled as materials, if the End-of-Life Vehicle is not going to be treated in a shredder.

A.4.3 removal of tyres and large plastic components (bumpers, dashboard, fluid containers, etc) in such a way that they can be effectively recycled as materials.

Note: removal of large plastic components is recommended only if they can be dismantled and recycled in an economical and profitable manner.

A.4.4 removal of glass in such a way that it can be effectively recycled as materials.

Note: removal of glass is recommended only if the glass can be dismantled and recycled in an economical and profitable manner.

A.5 Storage operations shall be carried out to avoid damage to components containing fluids or to recoverable components and reusable parts.

A.6 Recommended Tools & Equipment for Pre-treatments (Draining and Dismantling):

- Shredder/ Bailing press for compacting / any suitable device
- AC gas Recovery unit
- Vehicle Lift
- Auto Shear machine for cutting catalytic converter
- Air Bag Deployment unit
- Filter wrench/ Oil Filter Removal Tool
- Wheel Popper
- Piercing equipment for damper oil
- Suction equipment for fluid
- Bleeding system for brake fluid
- Dedicated fluid collection container
- Hydraulic tube cutter
- Pneumatic saw
- Portable power tool
- Draining Tray
- Pry bar/Spanner/Ratchet/ Mallet
- Screw driver/Slot screwdriver/ Impact screwdriver
- Cutter/cutting pliers/ Special Plier
- Center Punch & bag (for glass breakage & collection)
- Windshield removal tool
- Pneumatic air gun Water supply

21.The industry shall comply with all the Rules and Regulations specified in Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981 and amendments issued thereof.

22.The industry shall comply with all the directions issued by the Board from time to time.

23.Concealing the factual data or submission of false information / fabricated data and failure to comply with any of the conditions mentioned in this order may result in withdrawal of this order and attract action under the provisions of relevant pollution control Acts.

24.The Board reserves its right to modify above conditions or stipulate any further conditions and to take action including revoke of this order in the interest of environment protection.

SCHEDULE - C

[see rule 6(2)]

[SPECIAL CONDITIONS OF AUTHORISATION FOR OCCUPIER OR OPERATOR HANDLING HAZARDOUS WASTES]

1. The industry shall give top priority for waste minimization and cleaner production practices.
2. The industry shall not store hazardous waste for more than 90 days as per the Hazardous and other Wastes (Management & Transboundary Movement) Rules, 2016 and amendments thereof. The industry shall maintain online manifest system for transportation of waste generated and copies of receipt of Consignee shall be submitted to the Concerned Regional office. The industry shall maintain proper records for Hazardous Wastes stated in Authorisation in FORM-3 i.e., quantity of Incinerable waste, land disposal waste, recyclable waste etc., and file annual returns in Form- 4 as per Rule 20(2) of the Hazardous and other Wastes (Management &

Transboundary Movement) Rules, 2016 and amendments thereof.

3. The industry shall dispose /sell the Hazardous Waste to only industries/agencies authorized by the State Pollution Control Boards. The industry shall verify the authorization of the Board given to the Party before disposing its waste to the External Party.
4. The industry shall maintain proper records for Hazardous Wastes disposal and its concurrence with authorization. In case of variation in generation, industry shall submit explanation and obtain amendment in Environmental Clearance/ CFE/CFO in this regard.
5. The industry shall store Used / Waste Oil and Used Lead Acid Batteries in a secured way in their premises till its disposal. Waste oils shall be disposed to the authorized Reprocessors/ Recyclers and Used Lead Acid Batteries shall be disposed to the manufacturers / dealers on buyback basis. The industry shall take necessary practical steps for prevention of oil spillages and carryover of oil from the premises. The industry shall check the Certificate/ Authorisation/order of MoEF issued to the Re-user/Recycle units while disposing the waste oil.
6. The industry shall dispose of e-waste to the authorised recyclers only.
7. The industry shall submit the condition wise compliance report of the conditions stipulated in Schedule B & C of this Order on half yearly basis to Board Office, Hyderabad / Zonal Office RC Puram and concerned Regional Office.
