Subject: Go-live of the EPR Portal for ELVs for Registration of Producers and Registered Vehicle Scrapping Facilities (RVSFs) - reg

Sir/Madam,

This is in reference to the Environment Protection (End-of-Life Vehicles) Rules, 2025 under Environment (Protection) Act, 1986, notified on 6th January, 2025 for implementation of Extended Producer Responsibility (EPR) framework on End-of-Life Vehicles (ELVs). The said rules came into force from 1st April, 2025, to regulate the management, recycling and disposal of ELVs in an environmentally sustainable manner (Copy enclosed).

As per the Rules, the Producers shall register and fulfil their EPR obligations for the vehicles introduced into the domestic market, including for self-use while RVSFs generates EPR Certificates based on the weight of steel recovered from ELVs they processed, subject to management of other wastes recovered from ELVs and also required to be registered. These certificates can be purchased by Producers through the centralized online portal to meet their EPR obligations.

Accordingly, in accordance with the mandate given under the Rules, CPCB has developed the EPR Portal for ELVs (<https://eprelv.cpcb.gov.in/>) and launched the registration modules for Producers and RVSFs on 15.01.2026 through which Producers and RVSFs may submit applications for registration under the EPR-ELV framework and fulfil their responsibilities through the centralized online portal.

In view of the above, since MoRTH is the Central authority for regulations on automotive sector and overarching of vehicle scrapping system, it is requested to kindly direct all Automobile Producers (*i.e., entities engaged in the manufacture or assembly and sale of vehicles under their own brand, the sale of vehicles under their own brand produced by other manufacturers or suppliers, or the import of vehicles*) and RVSFs across the country to register on the EPR-ELV Portal at the earliest, for ensuring compliance with the provisions of the said Rules.

Yours sincerely,

(Deepti Kapil)
